About Us

CONTROL YOUR CITY WITH ORHITEC GIS GROUP

Orhitec GIS develops solutions and applications in the field of information systems, particularly Geographic Information Systems (GIS) for governments, municipalities, businesses and the public.

The potential users of the system in the municipality are:

- Tax collectors
- Municipal and/or government supervisors
- Granting of business permits
- Town planners and engineers in various specialties
- Academic researchers in the fields of geography, economics, and engineering
- Real estate investors who are looking for commercial investment
